

BUILDING LIVES FOR A BETTER FUTURE AROUND THE WORLD

ANNUAL REPORT

2024

Mission

To provide life-changing opportunities through education to rescued children and youth living within impoverished communities around the world

WHAT WE DO:

- RESCUE
- EDUCATE
- EMPOWER

LETTER FROM THE FOUNDER

Hello Friends,

It's a new year and we've got a new attitude!

There is no greater feeling than watching dreams come true. Over the years we've had the opportunity to laugh, cry and reach for the stars with the Butterfly Girls as they work diligently around the clock to achieve their goals.

This year the I Can Fly High School students achieved the #1 academic ranking again for the fourth year in a row on the Kenya Certificate of Secondary Exam in Kalama Sub-County, Kenya. It is a testament of faith, determination and resilience.

Our outreach efforts also cultivated promising fruit. We were able to gather, mentor and supply sanitary supplies to youth in Maasai communities where basic resources are often challenging. Our Period Poverty Campaign efforts made a great impact on girls who live in remote areas. We look forward to every opportunity to serve.

With hope,

Sha Givens, Founder

CPA, International Financial Executive

THE BUTTERFLY GARDEN

Over the years we've watched the I Can Fly High School campus evolve. We wanted our campus to be a place of tranquility and transformation. Slowly but surely we are achieving the goal through art, design and colorful décor throughout the compound. Images of bright, robust flowers, grass and butterflies remind us we are transforming day by day. Through our transformation there is growth, hope and change. We were once caterpillars but now we are butterflies and one day we will all fly to our distinct destinations to change the world together.

— OVERVIEW —

\$143,336

EDUCATION

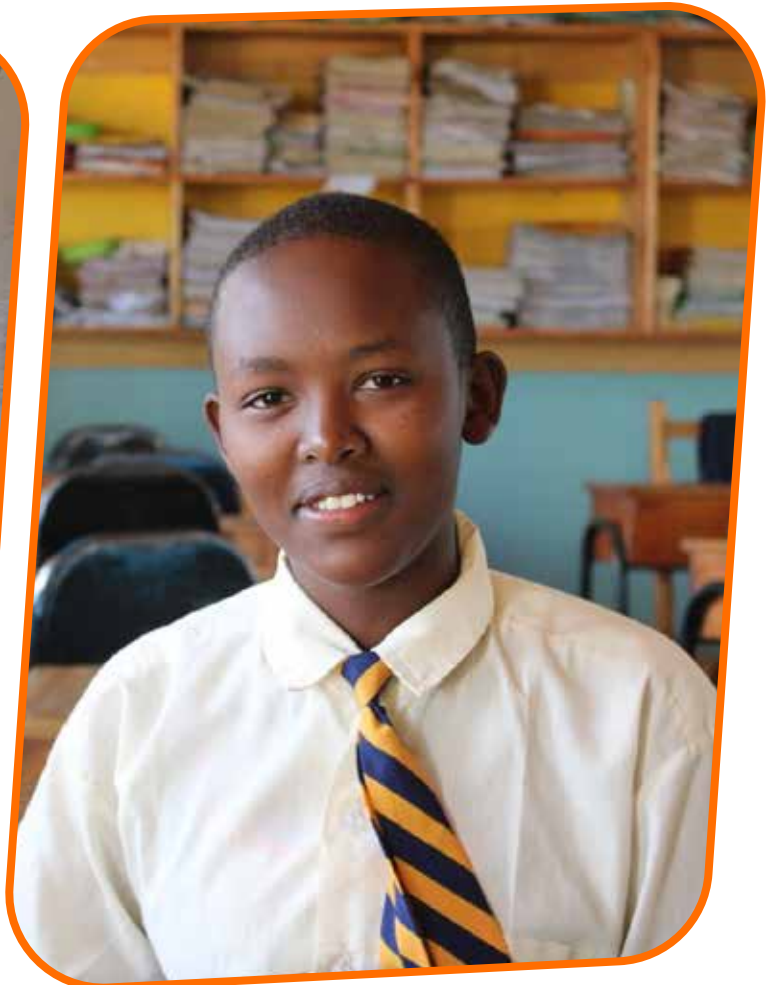

Educational programs, services and outreach projects included traditional instruction for children and youth at I Can Fly High School, I Can Fly Pre-School in addition to outreach activities such as period poverty campaigns, and female genital mutilation education. Students from ten counties in Kenya ages 4-18 years old who are affected by early marriage, female genital mutilation, abandonment and low - income backgrounds were

beneficiaries of the program. Provisions were made for tuition fees, housing, meals, uniforms, school supplies, mattresses, hygiene kits, books, desks, school compliances, security, legal fees, enrichment activities, tutoring medical care,

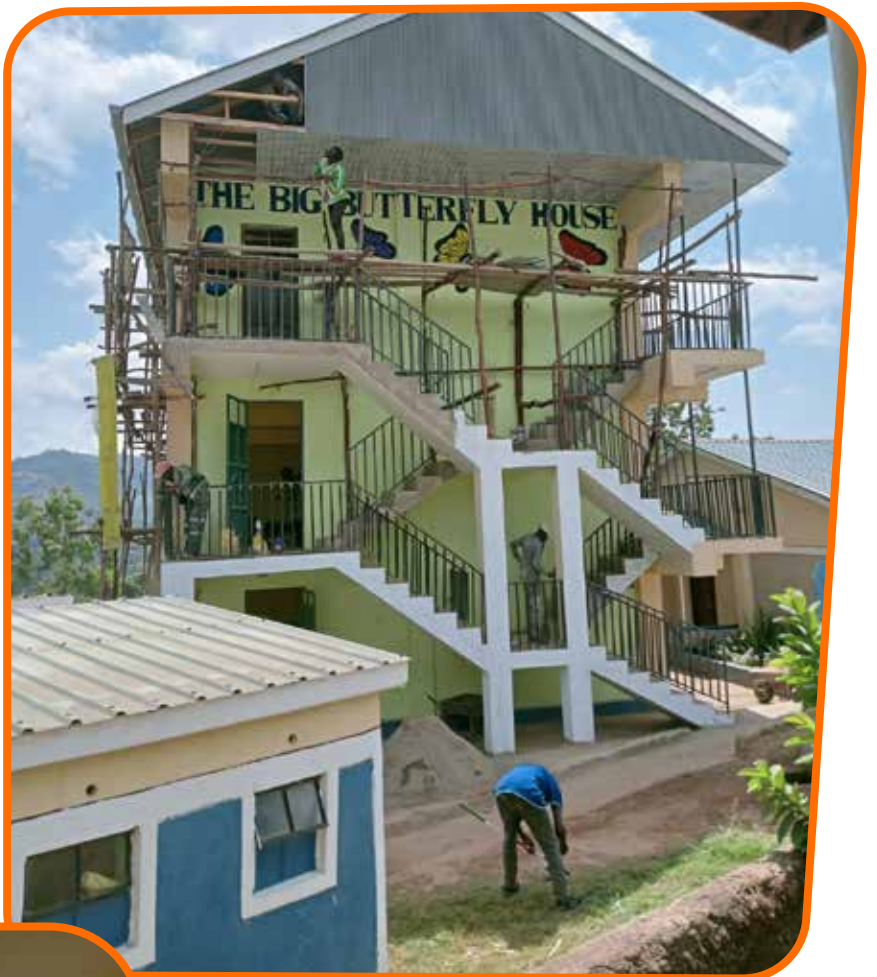

and communications. I Can Fly High School Alumni received financial assistance for university, college, trade-school fees and living expenses through the I Can Fly Scholars Program.

\$48,930

DEVELOPMENT & INFRASTRUCTURE

Projects included the ongoing construction of the Big Butterfly House dormitory on the I Can Fly High School campus. Phase three commenced with wall plastering, floor tiling, painting and interior artwork. Roofing materials which included iron sheets and water-resistant ceilings were installed. Electrical connections

were added on three floors in addition to a fully functional lavatory. Renovation services for the administration building were provided after flood damage. Plumbing services, borehole repairs and the creation of a sock-pit on the south side of campus was built to improve hygiene.

\$14,710

TRANSPORTATION

Transportation fees included fuel for four ICF school vehicles, insurances, toll fees, vehicle repairs and maintenance for the benefit of ICF High School programs and services. Taxis were provided for student emergencies during after-school hours. Transportation fees were provided for Scholar program recipients traveling to universities, colleges and trade schools nation-wide. All I Can Fly vehicles received regular maintenance, diagnostic testing, inspections and safety check-ups.

\$73,373

OPERATING EXPENSES

Overall operations included traveling expenses for local and global travel, accommodation, meetings, internet services, communications, staffing costs, postage, printing, mailing services, office supplies, marketing, advertisement, contractor fees and outreach activities. Compliances, insurance, bank fees, and trainings were provided for throughout the year.

\$38,514

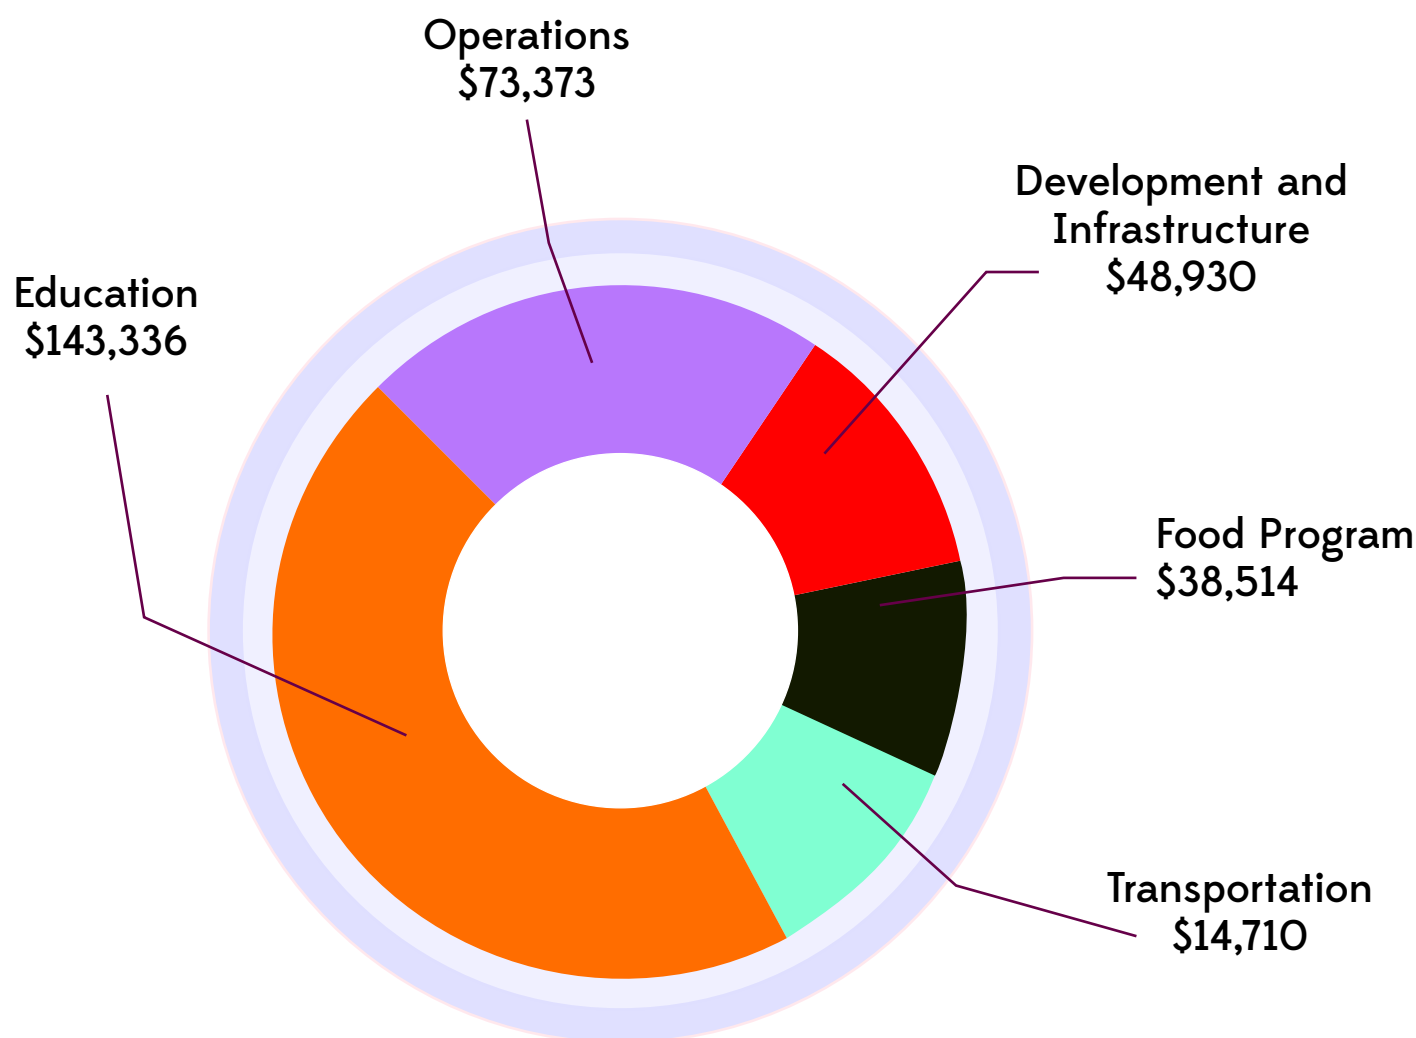

FOOD PROGRAM

Food Programs at I Can Fly High School and Pre-School provided three meals per day to children and youth ages 4-18 years old. Clean water, firewood, cooking gas and kitchen supplies were provided to prepare hot meals for all children on two campuses including special outings and guest relations.

Students were also provided special lunches during off-campus activities. Balanced meals consisting of vegetables, beans, maize, bread, meat and fruits were provided.
